# CRYSTAL MESO CORDLESS INJECTOR NBI-300

Exclusive to Costec. TGA listed, Crystal Meso NBI-300 Cordless Injector. This ergonomic, lightweight injector is compatible with our Crystal Multi-Pin Needles and syringe sizes 1cc-10cc. The NBI-300 has a suction option to reduce pain associated with injecting.

The Crystal Meso NBI-300 cordless injector has a large screen display allowing users to set dosage, shots, solution type, syringe size and vacuum suction with in-built memory. Accuracy in injection reduces product wastage and leakage and ensures precision dosage every time. 1cc can be divided 750 times. Perfect for multi vitamin cocktails, HA, PRP, Toxin and filler.
